Ten days is where the northern circuit stops feeling like a schedule. With three nights in the Serengeti, you can spend a whole day in one area without worrying about what you might be missing.

Is this trip for you?

Travellers with the time to do it properly, and anyone coming back for more.

This is a sample itinerary. You can change every part of it (the route, the pace, the camps, the length) and most people do!

Highlights

- Three nights in the Serengeti

- Not a single day that's just a transfer

Prepared 18 September 2026. We build every trip around the people going on it, so please treat this as a starting point. It's not a quotation and it's not a contract. We'll confirm availability, camps and prices in writing before anything is booked. And remember, wild animals keep their own schedule, so no sighting can be guaranteed.
